

A photograph of two industrial workers in a factory. They are wearing orange hard hats, safety glasses, and high-visibility orange and blue work jackets. They are looking at a document held by the worker on the left. The background shows industrial machinery and pipes. The image is partially obscured by a large white circle on the right side.

# Partners in progress

We take on your challenges as our own, bringing the right combination of science, engineering, and business savvy to get it done. Our chemists, engineers and industry experts are driven by a relentless commitment to improving your operations.

Our experienced, committed experts work tirelessly to solve your toughest challenges, whether on your factory floor or in our own labs and plants. We are acknowledged authorities on industrial fluids and their application in your processes. Finding innovative solutions so that your operations run even more effectively and efficiently.

# Applied expertise

# Boosting performance

In the past decade alone, we have saved our customers millions of dollars. With solutions tailored for optimized performance for each individual customer, site and process. Reducing your total cost of ownership. Boosting productivity. Driving competitiveness. And keeping you ahead in a changing world.

# Delivering on all your industrial process fluid needs

-  Cleaners
-  Corrosion preventives
-  Die casting fluids
-  Drawing and forming fluids
-  Fire-resistant hydraulic fluids
-  Forging fluids
-  Industrial lubes and greases
-  Metal finishing fluids

-  Neat cutting oils
-  Non-ferrous rolling oils
-  Quenchants
-  Soluble metal removal fluids
-  Specialty coatings
-  Steel rolling oils
-  Surface treatment fluids

# Forward Together™
